

# Dorset Area Report Qtr 3 2015

Although the summer holidays are historically a quiet time for most clubs, it's been a bustling bonanza for randori sessions across many of the clubs, I'm pleased that these sessions are being well supported and have become a regular fixture.

Many students from across the county have been enjoying training camps far and wide throughout the holidays, and I'm please to say that numbers of participants in the area are still on the increase.

The Dorset red belt rumble was held on the 12th of July our first competition for some time, we had great turn out with players travelling in from as far as Ealing and it was great to see the local clubs introducing their red belt players to the world of competition. We had a fast paced day with fantastic judo, seeing several beautiful Ippon techniques from the youngsters.

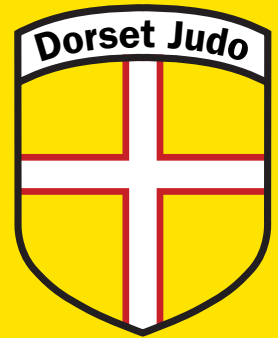

With plans to train further Referees and Table Officials next year we are looking forward to running further competitions for the county, If you have any interest in becoming a Referee or Table Official please let your club coaches know or email the Dorset Secretary at [dorsetjudosecretary@gmail.com](mailto:dorsetjudosecretary@gmail.com), so that we can organise the appropriate courses for you.

We're looking forward to re-building our squads this year, in preparation for the Western Area Open, for those of you who are interested in representing the county, come along to the Dorset County Training on Saturday 3rd October from 2pm - 4pm at Sawmills Lane, Dorchester, Dorset DT1 2RZ

Kind regards

Pete Anderson  
Dorset Chairman
