

Dorset Area Report Qtr 4 2015

It's an exciting time to be apart of Dorset Judo, spirits are high and confidence is growing by the day.

Along with the flicker of Christmas lights comes a flicker of hope for the Dorset Judo, as we return to the competitive arena as a team. After many years of quiet, we are working on bringing Dorset back to it's former glory.

Last year we managed to get together one mens team, this year we have two full mens teams one women's team, an A band teams and a pre-cadet/cadet team, I'm immensely proud of what they have achieved in such a short amount of time, and with 3 teams receiving bronze medals at the Western Area Teams we are on track for our goals for 2016.

As well as competing we have seen a lot of cross club training and the first Dorset squad training for a long time, there have been inter club social events to try and get the county to interact on a social level and break down any barriers that may once have existed.

With our new website being launched by Christmas we will be able to support our clubs far more efficiently.

So far we have four Dorset training sessions booked in for next year at Sawmills Lane, Dorchester, Dorset DT1 2RZ from 14:00 - 16:00

Sat 6 February

Sat 7 May

Sat 6 August

Sat 5 November

I hope you enjoy the holidays,
and we will see you soon

Kind regards

Pete Anderson
Dorset Chairman
